## **España Contra España** Ismael Saz

441pp , On the play :: The April 21, 1940 a grand falangista concentration ( 300,000, according to figures of the time) , an impressive show of force that outlined what could be a genuinely fascist Spain and, held in Valencia However, trying to tip the Franco regime in line with one of the families that ... a possible evolution with the explicit horizon of great national revolution in totalitarian sense that it was a mere outbreak . The historical valuation Saz makes the event can be expressed in no uncertain terms : what mediates between that spring 40 and the documented apathy of the Valencian one year is neither more nor less than the failure of all fascist project ... Why is not that ambitious plan fascist nationalization materialized if the regime had liquidated all resistance ? Was it politically feasible revolution advocating the Falange or just an elitist myth? ¿ Defended the epigones of José Antonio ( Tovar , Ridruejo and Lain in particular) a model imported or were rooted in the post- 98 Hispanic political and cultural background ? To answer these and other questions like openwork author devotes seven dense chapters plus an epilogue , which are shaping the zigzagging path falangista ultra-nationalism within the regime , defined in turn as a nationalist dictatorship that marked the most ambitious project of integral nationalization of the twentieth century Spain ... the deliberate insistence on derivatives of nation puts us on the right track to understanding the objectives of the author. It is above all a study of nationalism , of the Spanish nationalism of the twentieth century Saz perceived as a determinant of our political vicissitudes , though outside , in their view, shamefully denied by intellectuals and politicians of every condition . Hence the joseantoniano will push the term nationalism and took refuge in a call to Spain , period, and a metaphysical unity of destiny in the universal , facing the most widespread nationalist conception of Rousse
