*Edgar Lawrence Doctorow*

## **Cuentos Completos** Edgar Lawrence Doctorow

This volume brings together all the stories Doctorow published in various anthologies, something essential to discovering one of the authors who best reflects the history of the United States. In his role as a storyteller, Doctorow developed a more intimate record of small characters within a large global history with imposing cultures in different countries. This edition will be the first to collect all stories in one volume. The idea to do so came from the author himself, who was directly involved in its publication.

About the Author

**E.L. Doctorow** masterfully combined the great themes of American literature with European narrative tradition. The son of Russian Jewish immigrants, perennial candidate for the Nobel Prize, he achieved international recognition with the novels *The Book of Daniel*, *Ragtime*, and *Billy Bathgate*. His work is celebrated by critics and millions of readers around the world.
