Keitech Fat Swing Impact 2.8" Stint From Keitech

Keitech Fat Swing Impact 2.8" (7cm) Qty 8

The Keitech FAT Swing Impact redefines swimbait performance. Keitech's revolutionary two-tone injection process uses several different types of salted, scent impregnated plastics to achieve perfect balance & action. The most impressive feature of these great swim baits is the ability to maintain a perfect swimming motion at any retrieve speed. The tapered design ringed body distorts the shape to a more natural appearance. The centre rigging line provides the perfect position to ensure the bait is rigged correctly. The Fat Swing Impacts are packaged in blister packs to help protect the integrity of the baits. Available in 4 different sizes & a large variety of colours.

Strong squid scent
